**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 28-43 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The best prior art of record, i.e. **Boer et al (publication number: US 2004/0101035)** in view of **Girardeau et al (Patent number: 7,099,398)** and further in view of **Tsien et al (Publication number: US 2003/0166394)** do not specifically show that "increasing the first transmission rate if the first relationship satisfied the increment criterion and the first transmission rate is not above the maximum transmission rate" and "decreasing the second transmission rate if the second relationship satisfies the decrement criterion and the second transmission rate is not below the minimum transmission rate".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Therefore, claims 28-43 are considered non-obvious and thus allowed over prior art.
